Handcraft Halcolites

On the subsequent pages are illustrated the various fixtures comprising the HALCOLITE HANDCRAFT LINE.

HANDCRAFT HALCOLITES make it possible for the first time, to equip the home with *HAMMERED BRASS FIXTURES* at a fairly moderate cost.

The hammered effect so tastefully carried out on designs and types of fixtures, which are recognized everywhere for their grace and beauty, makes these lighting fixtures particularly desirable for the builder of better homes.

HANDCRAFT HALCOLITES are made of brass and are finished either in Antique Hammered Brass or Oxidized Hammered Silver. Both finishes are guaranteed as to their durability. Their beauty and attractiveness are best appreciated when actually seen.

HANDCRAFT HALCOLITES come to you *COMPLETELY WIRED AND ASSEMBLED* ready to install and are packed one to a carton with a picture label on the outside showing the contents.

HANDCRAFT HALCOLITES are the exclusive creation of the Halcolite Co., Inc., and are covered by U. S. Design Patents and applications therefore. Any infringements thereof will be prosecuted.
